Finnius congratulates PelicanPay

16 December 2021

 1 MINUTE

Pelican Payment Services (PelicanPay) is authorized as a payment institution via the formal decision of De Nederlandsche Bank. Finnius congratulates team PelicanPay with this great result.

The PelicanPay OpenBanking hub enables fintechs and regulated parties such as Third Party Providers to access PSD2 payment initiation and account information services. PelicanPay is already operating in the UK and will enter the EU market through the newly licensed PelicanPay entity located in the Netherlands.

Casper Riekerk and Pim Smith were involved in the licensing process of Finom Payments.
